POST'S NURSERY

FRANK M. POST, Prop.

21 Henderson Terrace

Burlington, Vermont

Dealer and Grower of SHRUBS, VINES, and PLANTS

Landscape Plans and Estimates

Ten years ago this business was started in a very small way and has developed into its present healthy state of growth, in the face of as great a business crisis as this country has ever known. This has been accomplished by hard work, patience, the patronage of a discriminating public and the policy of a satisfied customer. We wish to thank all those, who, by past favors have helped to make this business a success. We invite all who are interested in fine shrubs and beautiful plants and flowers, to visit our Nursery in the growing season, and we shall endeavor to make their time thus spent, worth while.

AND REMEMBER—A NURSERY NEAR HOME SAVES YOU MONEY, TIME, and TROUBLE.

TERMS OF SALE

Prices quoted herein cancel all previous lists; are net F. O. B. Nursery and do not include delivery or packing or baling for shipment away. No guarantee as to future growth of stock furnished is given or implied.

Any loss due to our fault will be made good to extent of purchase price only, if notified at once.

Many plants and shrubs require a year to get well started. Be all year can to help them.

Large quantities or rare sizes and varieties of stock can be obtained usually if ordered in time.
